Table Notes:

1. Some parcels have been transferred since the time that the taxes were paid. This table reflects ownership during 2018-2020.
2. Deerfield Resort HOA funds were also used to pay taxes for the tennis courts, which would have been an appropriate expenditure at the time, and is therefore not included on this list. On 5-15-2020, this property was transferred to Fields Development Company through quit claim deed.
